Greenkeeping Update

Another busy and hot week here at Muckhart, its great to see the courses so busy and everyone enjoying their golf.

With the temperatures and wind to be fairly high over the next few days, we will be managing the stress on the

greens with a different cutting regime and a lot of water. The greens may slow up but this is just to keep them healthy through this period.

We had some excitement on the putting green at the start of the week with a mole finding its way on to the playing surface. The mole has now been removed and the damage will be dealt with in the coming days.

Thanks again to all the golfers for repairing pitchmarks and divots.
