Weekly Update

Overview

As Paul has noted in his Greens report, the course is no longer suffering from a lack of water as we experienced early in the season. But that has not been a deterrent as can be seen from the booking sheet, members, guests and visitors, and the number of competitions scheduled and being played.

At the same time we are now well organised for our annual prize giving events which are scheduled as follows:

Ladies: 28 October

Gents: 4 November

Seniors: 30 November

If you haven't already reserved your place please do so as required through your section.

Joe was expected back from annual leave today, however he has been struck down with COVID so will not be back until late next week at the earliest. This means unfortunately that the office will remain closed for the time being, but the email is fully operational and being monitored and responded to. So please drop us an email if you have any queries or issues that need addressed.

With Summer Time ending on the 30th, some of our opening times have been adjusted to reflect the impact of the earlier sunset. Please refer to Opening Times below.

Greenkeeping Update

In between the monsoons it's been a lovely week on the course. With this weeks rain we have now surpassed 200mm or 8 inches this month. The course is holding up well with a few wet spots starting to appear.

We have started our winter 'wetting agent' program, this in hand with the deep Verti draining that we are doing will help with the excess water. After the Verti draining of the greens they might be a bit bumpy. Unfortunately our roller has decided to stop working, we will have this fixed soon and will smooth out the greens as and when we can. Apologies for the inconvenience.

Golf Operations

Both Ladies and Gents winter golf competitions are now underway. Below is an overview of the Gents competitions
