Scottish Golf App

The new Scottish Golf App will be going live on Monday 23rd January. This can be used to track your handicap changes and enter general play scores at Muckhart and also at other clubs.

Before downloading the new App, please register yourself for an online account at www.scottishgolf.com. Even if you previously had the App you will need to register for an account and set up a new password.

Golf Operations

Please be aware that there are temporary greens on the 14th (Cowden 5th) and 16th (Cowden 7th) due to the recent heavy rain.

Are you looking to get custom fit for new clubs? Steve can help you organise this and he can also get the clubs ordered into the pro shop so you can get your member's discount. Please ask Steve in the shop if this is something you are interested in.

Greenkeeping Update

A rather damp start to the year has curtailed some of the golf. Last year we ended up with a total rainfall of just over 1500ml which equates to 1.5 metres of water per square inch of turf. This total is not far off the usual for Muckhart but the problems we are dealing with have been caused by 50% of this total falling in the last 3 months of the year.

With all the weather we have been having we are slightly behind on the slitting of the greens, we have now started this process and will continue for the next couple of weeks. When ground conditions allow, the greens will be sprayed with the winter wetting agent to pull some of the excess moisture through the rootzone.

If you are playing golf please be aware that the greens are very soft in places and repairing pitchmarks is essential. Thank you.
