Weekly Update

Overview

The course will remain shut over the weekend due to the frozen ground. The pro shop will also be closed until Monday. The bar and restaurant will be open as normal. We will review the course conditions on Monday and update you as soon as we can.

The 2023 Fixture List is currently being finalised and we will upload this onto the website in the next couple of days. We will send an email out as soon as it is available.

Thank you to those who have renewed their memberships for 2023. You can pay your 2023 fees in the bar or the pro shop, over the phone or by online transfer. Please email enquiries@muckhartgolf.com if you have any questions.

Greenkeeping Update

Another week where mother nature has won the battle, it seems to be becoming a trend unfortunately.

With the lack of golf on the course it does allow the team to start some tree work, raising the canopy and making sure there are no branches in front of the tees allowing for better scores when your back playing.

New Scottish Golf App

The new Scottish Golf App will be going live on Monday 23rd January. This can be used to track your handicap changes and enter general play scores at Muckhart and also at other clubs. Before downloading the new App, please register yourself for an online account at [. Even if you previously had the App you will need to register for an account and set up a new password.](#)

Featured Partner

Staran

Founded in 2012, they now have a studio on the outskirts of Rumbling Bridge, in addition to their main office in the centre of Edinburgh.

They enjoy working across a diverse range of projects and locations, and do not have a 'signature style' that they adapt for each project. Instead, their focus is on working with clients through a collaborative process to deliver the outcomes they require; be it a beautiful family home, a business asset, or a property development.

They take time to fully understand their client's requirements and to make the most of the opportunity that working together can bring.
